LIFE

“Nature is beautiful.”

Do not kill others, protect their lives. For they were born by their mothers too, even if they are not the same species as we are.

Introducing Maica's maiCSR Fund for Chemotherapy Patients

World Cancer Day
4 February

As part of our maiCSR programme, maimai introduced a special employees fund raising for Chemotherapy Patients as part of our way to give back to the community. The funding officially started in early February, in conjunction with the World Cancer Day (4 Feb).

Why cancer? We often come across friends and even family members who may have crossed paths with cancer. The first instance of contact is a feeling of deep sorrow, regardless of the age of the patient.

Chemotherapy treatments and the medications following it can be pretty expensive and will also cause a burden to the patient's family, despite the already depressive feelings of the potential of losing someone near and dear.

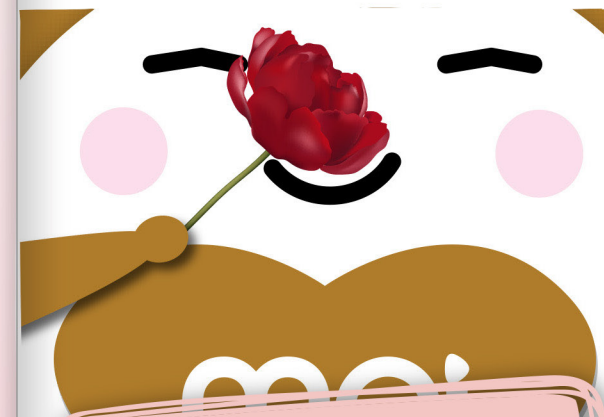

Hence, we started this maiCSR programme with the hope of easing at least the financial burden of very poor patients. While we may not be able to eliminate their sorrows, we hope that our humble gift will at least bring back some colours into their darkened days.

Happiness depends on whether you want to be happy or not, not depending on how others treat you.

Happiness is very simple. It is also very personal.

I do not need anyone to validate my happiness for me.

I am happy.
